Notable Cases

MCC v D

Representation of a parent in High Court care proceedings whereby significant findings made that the client had purposefully caused the death of his infant child, caused significant injuries to the deceased child's twin brother and further findings of physical harm to other children in the family.

Successfully argued that despite the adverse findings made, the client should exercise indirect contact with his surviving child.

TC v G

Conduct of joint criminal/care hearings in the High Court. Further conduct of composite High Court hearing whereby significant findings made that the client had purposefully caused the death of his infant child and had attempted to cover up the causation of those significant injuries.

Successfully argued for an adjournment and expert medical report to be obtained.

BC v H

Acted for the LA in a 10-day complex composite fact-finding/welfare hearing in public law care proceedings, involving 11 witnesses and 2 experts. The LA sought findings of physical abuse against the child's stepfather.

Successfully argued and findings made that the stepfather had caused all of the injuries to the child.
